The Mercury Monterey is a full-size car
model that was introduced by Mercury in
1952. It would later share the same body
style with the slightly more upscale Marquis,
and the Park Lane and Montclair until the
latter two were extinguished after the 1968
model year. The Marquis-Monterey body was
built on a longer wheelbase and had a longer
body than the Ford LTD, Ford Galaxie, and
Ford Custom., The Mercury Eight is a
full-size automobile that was the first model
produced by Mercury and was produced
from the 1939 through the 1951 model years.
It was the only model offered by Mercury
until the marque started producing multiple
series in the 1952 model year, at which point
it was dropped as a model designation.,
