Every nurse needs to be mindful of their

personal contribution to the quality of care

delivery. Crucially, this involves the everyday

nursing interactions and activities that make

up a patient's direct experience of care., The

Principles are applicable across the UK. The

same core values are also described in

different ways in documents and strategies in

the four countries, such as â€™the 6Csâ€™™

(nursing care that is about Care,

Compassion, Commitment, Communication,

Courage and Competence) in England.,

Stoma care nurses (SCNs) are part of these

teams, and by incorporating the Principles of

Nursing Practice and the 6Cs (care,

compassion, competence, communication,

courage and commitment) into their practice,

they will help to ensure they provide the best

care for their patients., Health and social

care may change over time with new policies
