A OF ARCHIVAL TECHNIQUES PDF -

Search results, Archival Arrangement and

Description-- the first installment in the series

Trends in Archives Practice -- explores three

areas of evolution: the necessity to

understand and use a range of descriptive

standards to facilitate intellectual control and

to improve access; the development of

techniques to process born-digital or

electronic records ..., Modern Archives:

Principles and Techniques, and techniques

are suggestions only. Archivists are not

conservators; therefore, the following will be

techniques on preservation, not

conservation. Preservation refers to the

processes involved in stabilizing and

protecting his-torical documents from

deterioration by using archival quality

material and optimum environmental

conditions for storage., ARCHIVAL

SAMPLING: A METHOD OF APPRAISAL

AND A MEANS OF RETENTION by James

Gregory Bradsher and Bruce I. Ambacher

INTRODUCTION Appraising records is the

most important aspect of archival,

Qualitative researchers typically rely on four

methods for gathering information: (a) participating in the setting, (b) observing directly,, --Archivaria "Michael Hill's monograph, Archival Strategies and Techniques, depicts a world that some might think would be as dusty as old manuscripts themselves, but in the process of describing the excitements, joys, frustrations, and ethical conundrums, he has demonstrated that the archival scholar can share thrills and fears with Indiana Jones. Hill's book is filled with lively anecdote ..., Small Archives (1988), Archival Gold: Managing and Preserving Publishersâ€™™ Records (1989) and A Handbook for Records Management and College Archives in British Columbia (1989)., Download PDF Show page numbers For the social scientist, archival research can be defined as the locating, evaluating, and systematic interpretation and analysis of sources found in archives., Archival science had no formal beginning. Jacob von Rammingen's manual was printed in Heidelberg in 1571. Traditionally, archival science has involved the study of methods for preserving items in climate-controlled

storage facilities. It is also the study of cataloguing and accession, of retrieval and safe handling., MANAGING PUBLIC SECTOR RECORDS A Training Programme Managing Archives INTERNATIONAL COUNCIL ON ARCHIVES INTERNATIONAL RECORDS MANAGEMENT TRUST
