Design is the creation of a plan or convention
for the construction of an object, system or
measurable human interaction (as in
architectural blueprints, engineering
drawings, business processes, circuit
diagrams, and sewing patterns). Design has
different connotations in different fields (see
design disciplines below). In some cases, the
direct construction of an object (as in pottery
..., Christianity and Hellenistic philosophies
experienced complex interactions during the
first to the fourth centuries.. As Christianity
spread throughout the Hellenic world, an

increasing number of church leaders were educated in Greek philosophy. The dominant philosophical traditions of the Greco-Roman world then were Stoicism, Platonism, and Epicureanism., Last time I asserted that being conscious of something does not always or necessarily include or entail being conscious of being conscious. French existentialist Jean-Paul Sartre thinks it does. Since the Monday evening group of the philosophy club is studying Sartre, it seems appropriate to examine his argument. Itâ€™s a bad one. Sartre falls prey to faulty logic., Designed to deliver Elected â€”International Truck of the Yearâ€™™ in 2002, the DAF LF Series has been a winner right from the start.
