Segmentation of Smallholder Households:
Meeting the Range of Financial Needs in
Agricultural Families, For the world's 500
million smallholder farming households,
agriculture is a risky and complicated
business. Investments in improving
productivity are expensive., The agricultural
value chain concept has been used since the
beginning of the millennium, primarily by
those working in agricultural development in
developing countries. Although there is no
universally accepted definition of the term, it
normally refers to the whole range of goods
and services necessary for an agricultural
product to move from the farm to the final
customer or consumer., Youth and
agriculture: Key challenges and concrete
solutions Published by the Food and

Agriculture Organization of the United
Nations (FAO) in collaboration with the
Technical Centre for Agricultural, Good
agricultural practice (GAP) are specific
methods which, when applied to agriculture,
create food for consumers or further
processing that is safe and wholesome. While
there are numerous competing definitions of
what methods constitute good agricultural
practice there are several broadly accepted
schemes that producers can adhere to., A
Frame Work For The Development of
Smallholder Farmers Through Cooperative
Development 1 1. Introduction Smallholder
farmers are the drivers of many economies in
Africa even though their potential is often not
brought forward. Smallholder farmers are
defined in various ways depending on the
context, country and, How to Feed the World
in 2050 Executive Summary 1. Introduction
2. Outlook for food security towards 2050 (1)
