Interior Architecture is the design of a space

inside any building or shelter type home that

can be fixed. It can also be the initial design

and plan for use, then later redesign to

accommodate a changed purpose, or a

significantly revised design for adaptive

reuse of the building shell. The latter is often

part of sustainable architecture practices,

conserving resources through "recycling" a

..., Landscape architecture combines art and

science. It is the profession that designs,

plans and manages our land. Landscape

architecture has strong roots in the U.S.,
