it once and read it on your Kindle device, PC,

phones or tablets., A fixed exchange rate,

sometimes called a pegged exchange rate, is

a type of exchange rate regime in which a

currency's value is fixed against either the

value of another single currency to a basket

of other currencies or to another measure of

value, such as gold., The global financial

system is the worldwide framework of legal

agreements, institutions, and both formal and

informal economic actors that together

facilitate international flows of financial

capital for purposes of investment and trade

financing.
