BibMe Free Bibliography & Citation Maker - MLA, APA, Chicago, Harvard, Hokuma is an advocate for better living. She believes in a world where individuals can lead authentic, happy, and satisfied lives. To help create this world, she recently expanded her skill set by adding new titles to her name: Yoga Instructor and Life Coach.

History. Warren McCulloch and Walter Pitts (1943) created a computational model for neural networks based on mathematics and algorithms called threshold logic. This model paved the way for neural network research to split into two approaches. One approach focused on biological processes in the brain while the other focused on the application of neural networks to artificial intelligence.

The ADA Home Page provides access to Americans
