BUSINESS PROCESS MANAGEMENT
CONCEPTS LANGUAGES

ARCHITECTURES PDF - Search results, A

business process or business method is a
collection of related, structured activities or

tasks that in a specific sequence produces a
service or product (serves a particular

business goal) for a particular customer or
customers. A business process may often be

visualized (modeled) as a flowchart of a
sequence of activities with interleaving

decision points or as a process matrix of a ...,
Business process re-engineering (BPR) is a

business management strategy, originally
pioneered in the early 1990s, focusing on the

analysis and design of workflows and
business processes within an organization.

BPR aimed to help organizations
fundamentally rethink how they do their work

in order to dramatically improve customer
service, cut operational costs, and become

world-class competitors., Find and compare
