limits on environmental radiation from use of

radioactive elements. The Radiation

Protection website describes EPA's radiation

protection activities, regulations and

supporting information., Note. If you have

been looking at the harmonic series above

closely, you may have noticed that some

notes that are written to give the same

interval have different frequency ratios., Tidal

power or tidal energy is a form of hydropower

that converts the energy obtained from tides

into useful forms of power, mainly electricity..

Although not yet widely used, tidal energy

has potential for future electricity generation.,
