and paths into JCIDS ..... 38, Self-concept is  
distinguishable from self-awareness, which  
refers to the extent to which self-knowledge  
is defined, consistent, and currently  
applicable to one's attitudes and  
dispositions., Over the past decade this  
concept has been embraced by many  
disciplines outside economics; indeed the  
above quote is from Glynis Cousinâ€™s  
excellent short introduction to the concept  
written for earth scientists., A fuzzy concept  
is a concept of which the boundaries of  
application can vary considerably according  
to context or conditions, instead of being  
fixed once and for all. This means the  
concept is vague in some way, lacking a  
fixed, precise meaning, without however  
being unclear or meaningless altogether., 4.
