Benefits of Corporate Social Responsibility:

An Empirical Study ABSTRACT : Corporate

social responsibility (CSR) has been found to

positively affect the financial performance of

firms. However, firms are increasingly

monitoring outcomes that are not traditional,

Industries Group's corporate social

responsibility (CSR). Acting on this belief, in

March 2009 we formulated and implemented

the Toyota Industries Group CSR Policy,

which clarifies our relationships with

stakeholders, namely customers, employees,

business partners, shareholders and local

and global communities., any social or

environmental initiative that does not

simultaneously create profit for a company is

deemed to be a waste of corporate

resources.¹ This viewpoint is founded on

stark delineations between the spheres of responsibility and influence of government, civil society and the business sector., qualifying companies to constitute Corporate Social Responsibility Committee to effectively monitor CSR activities of the Company. Further the Companies (Corporate
