Congratulations! Your decision to add the Cavitron® JET Plus Ultrasonic Scaler and Air Polishing Prophylaxis System to your practice represents a wise investment in good dentistry., Cavitron® Plus Ultrasonic Scaler Cavitron® Plus Ultrasonic Scaler Installation and Service Manual Please read carefully and completely before operating unit., Tooth decay, also known as dental caries or cavities, is a breakdown of teeth due to acids made by bacteria. The cavities may be a number of different colors from yellow to black. Symptoms may include pain and difficulty with eating. Complications may include inflammation of the tissue around the tooth, tooth loss, and infection or abscess formation.. The cause of caries is acid from bacteria ..., The National Acquisition Center Contract Catalog Search Tool now allows your facility to browse MedSurg and Pharmaceutical products and services available under Federal Supply Service contracts. The search tool allows the user to locate items using a variety of search criteria, including item description, special item number (SIN) and contract number., Before

endodontic therapy is carried out, a correct diagnosis of the dental pulp and the surrounding periapical tissues is required. This allows the endodontist to choose the most appropriate treatment option, allowing preservation and longevity of the tooth and surrounding tissues., When I was in dental school, it was "against the rules" to give patients back their extracted teeth. I never really questioned this rule because I figured that not many people would really want their teeth back.
