Department of Industrial and Organisational
Psychology, University of South Africa, South
Africa, According to Caruso and Salovey
(2004), emotional intelligence begins with
these six principles:. Emotion is information.
We can try to ignore emotion, but it doesn't
work., A distinction can be made
between emotional episodes and emotional
dispositions. Emotional dispositions are also
comparable to character traits, where
someone may be said to be generally
disposed to experience certain emotions.,
The nature of work is changing at whirlwind
speed. Perhaps now more than ever before,
job stress poses a threat to the health of
workers and, in turn, to the health
organizations., Burnout Prevention and
Treatment Techniques for Dealing with
Overwhelming Stress . If constant stress has
you feeling helpless, disillusioned, and
completely exhausted, you may be on the
road to burnout., High intelligence is touted
as being predictive of positive outcomes

including educational success and income level. However, little is known about the difficulties experienced among this population., November-December 2017
