Facility Location and Layout: Chapter 6

SUMMARY: Location decisions are the

strategic decisions that require large financial

investments and they are irreversible in

nature. A number of factors like market

related factors, tangible or cost factors and

intangible or qualitative factors, affect and

are affected by the location choice. Models

and ..., synonym for such related terms as

facilities location, facilities design, facilities

layout, or plant layout. It is convenient to

divide a facility into its location and design It

is convenient to divide a facility into its

location and design, a restricted area of

facility location and/or layout planning. The

aim of our paper is threefold: Readers being

not familiar to locational analysis will find a

comprehensive, Solving the facility and

layout and location problem by ant-colony

optimization-meta heuristic Hamid Davoud

Pour et al. International Journal of Production

Research, is the facility layout problem.

Clearly, the layout problem has relevance in

many areas of facility and equipment design,

from the layout of the rooms in a home to the

layout of chips on an electronic circuit board.,

LESSON 20: FACILITIES LAYOUT AND

LOCATION Outline The Problem Objective

of Facility Layout Basic Types of Layout

Product versus Process Layout Cellular
