Preschool ELLs. Essential to any preschool
program for ELLs is effective instruction in
language development. Children need
explicit instruction in English vocabulary, as
well as opportunities to hear and speak the
language throughout the day., A disability is
an impairment that may be cognitive,

developmental, intellectual, mental, physical, sensory, or some combination of these. It substantially affects a person's life activities and may be present from birth or occur during a person's lifetime. Disabilities is an umbrella term, covering impairments, activity limitations, and participation restrictions. The premier association for special education professionals. Transition to Adulthood The transition from high school to adulthood is challenging for many young people, and often particularly difficult for those with disabilities. A group home is usually a single-family dwelling for special populations that need a supervised living environment. Common examples include children and youth in care, individuals with developmental or physical disabilities, individuals recovering from substance abuse, teenaged mothers, or victims of domestic violence. The twice exceptional are students who have both high ability and a disability or disorder. The ability can be in any culturally-valued domain, including high intelligence, academics, the visual or performing arts, and athletics. The co-existing disability can be physical,
