governance is an indeterminate term used in

the international development literature to

describe how public institutions conduct

public affairs and manage public resources.

Governance is "the process of

decision-making and the process by which

decisions are implemented (or not

implemented)". The term governance can

apply to corporate, international, national,

local governance or to the ..., A resource is a

source or supply from which a benefit is

produced. Resources can be broadly

classified upon their availability they are

renewable and non renewable resources.

They can also be classified as actual and
