This list of Latin and Greek words commonly

used in systematic names is intended to help

those unfamiliar with classical languages to

understand and remember the scientific

names of organisms. The binomial

nomenclature used for animals and plants is

largely derived from Latin and Greek words,

as are some of the names used for higher

taxa, such as orders and above., Indirect and

direct borrowings. Since the living Greek and

English languages were not in direct contact

until modern times, borrowings were

necessarily indirect, coming either through

Latin (through texts or various vernaculars),

or from Ancient Greek texts, not the living

spoken language., This free resource
