INFLATION UNEMPLOYMENT AND

MONETARY POLICY NEW RESEARCH

PDF - Search results, Monetarists believe the most significant factor influencing inflation or deflation is how fast the money supply grows or shrinks. They consider fiscal policy, or government spending and taxation, as ineffective in controlling inflation. The monetarist economist Milton Friedman famously stated, "Inflation is always and everywhere a monetary phenomenon.", NAIRU is an acronym for non-accelerating inflation rate of unemployment, and refers to a level of unemployment below which inflation rises. It was first introduced as NIRU (non-inflationary rate of unemployment) by Franco Modigliani and Lucas Papademos in 1975, as an improvement over the "natural rate of unemployment" concept, which was proposed earlier by Milton Friedman., Monetary policy is the process by which the Bank of England sets the interest rate " and sometimes carries out other measures " in order to reach a target rate of inflation., Preliminary versions of economic research.
