25 Before Warner underwent a major digital
transformation., In the past, project
management primarily focused on providing
schedule and resource data to top
management in just a few industries, such as
the military and construction industries.
Today's project management involves
much more, and people in every industry and
every country manage projects., Utilizes
established State standard system methods

such as the State Unified Information Technology Environment (SUITE), Systems Engineering Methodology (SEM), and Project Management Methodology (PMM) in the maintenance, development, enhancement, and deployment of information technology systems., IT Project Management Practices ... The Guide should be used for the management of Information Technology ... project and indicate the project management processes ...
