theory is the branch of mathematics  
concerned with probability.Although there are  
several different probability interpretations,  
probability theory treats the concept in a  
rigorous mathematical manner by expressing  
it through a set of axioms., Most of the terms  
listed in Wikipedia glossaries are already  
defined and explained within Wikipedia itself.  
However, glossaries like this one are useful  
for looking up, comparing and reviewing  
large numbers of terms together., Web
