full featured TTL and HSS enabled Ving

Godox 2.4GHz X series radio transceivers
built inside.. The V860II-N provide both
Radio Master and Slave modes, as well as
Nikon Optic Wireless Master and Slave
modes. The V860II-N have basically all the
same functions as the recent TT685N
speedlite., What version of ETTL do these
support? I have an EOS-3â€lyup film
camera, that supports ETTL. But when I
attempt too use a YN622C-TX or a 622C on
the camera, all it does is lock the camera up.
