Shaffer, Shannon K. Young, and Robyn A. Zakalik, loneliness experience was a valid way to arouse mood loneliness. Two hundred and thirty four subjects participated in the formal study, composed of a survey testing trait loneliness and a 5-condition (face-to-face chatting, instant messenger chatting, watching video, writing assignments, and â€œdo nothingâ€•), 1.2 Concepts of loneliness and social isolation The terms â€žlonelinessâ€Ÿ and â€žsocial isolationâ€Ÿ are often used interchangeably, but are distinct concepts. People can be socially isolated without feeling lonely, or feel lonely amongst others. Research on loneliness has split the concept into different elements (8)., The results were compared to two models (a) the Kraut et al. (1998) model

which argues that Internet use leads to loneliness (b) an alternative model which argues that it is those people who are already lonely who spend time on the Internet.,
