(A-Level) Mathematics is a qualification of

further education taken in the United

Kingdom and occasionally in other countries

as well. In the UK A-Level exams are

traditionally taken by 17-18 year-olds after a

two-year course at a sixth form or college.

Advanced Level Further Mathematics is often

taken by students who wish to study a

mathematics based degree at university.,

Here is our collection of A-Level Past Papers

and Mark Schemes, sorted by

specification.After you click on the

specification you will be taken to that

specification's page where all the papers

available for that subject will be displayed.,

The second change is a consequence of the

The Department of Mathematics, Statistics

and Computer Science offers a unique

interdisciplinary learning environment with

areas of study ranging from pure and applied

mathematics to computer science, statistics,

and mathematics education., The number of

joined units classifies the size of CubeSats

and according to the CubeSat Design

Specification and are scalable along only one

axis to fit the forms of 0.5U, 1U, 1.5U, 2U, or

3U. All the standard sizes of CubeSat have

been built and launched, and represent the

form factors for nearly all launched CubeSats
