Mathematics and Statistics (SJAMS) is a  
peer-reviewed journal on all areas of applied  
mathematics and statistics that intends to  
solve problems in engineering, sciences, and  
business through mathematical,  
computational and statistical methods.  
Topics of interest include, but are not limited  
to: applied mechanics, approximation theory,  
computational simulation ..., Applied and  
Computational Mathematics (ACM) is an  
applied and computational mathematics  
journal of high quality, driven by the  
computational revolution and emphasizing  
innovative applied mathematics having  
potential for applicability and practicality. This  
journal is of interest to a wide audience of  
applied mathematicians and scientists  
concerned with the development of  
mathematical ..., The Applied Mathematics  
and Optimization Journal covers a broad  
range of mathematical methods in particular  
those that bridge with optimization and have  
some connection with applications. Core
