biography of Jeffrey M. Perloff, Monopolistic
competition is a type of imperfect competition
such that many producers sell products that
are differentiated from one another (e.g. by
branding or quality) and hence are not
perfect substitutes., In microeconomics, the
long run is the conceptual time period in
which there are no fixed factors of
production, so that there are no constraints
preventing changing the output level by
changing the capital stock or by entering or
leaving an industry., Need Any Test Bank or
