PRODUCTION AND OPERATIONS

MANAGEMENT Unit " 1 Introduction to

Production and Operation functions "

Understanding the relationship between

production and, Management (or managing)

is the administration of an organization,

whether it is a business, a not-for-profit

organization, or government

body. Management includes the activities of

setting the strategy of an organization and

coordinating the efforts of its employees (or

of volunteers) to accomplish its objectives

through the application of ..., In 1967 Stafford

Beer characterized the field of management

science as "the business use of operations

research". However, in modern times the

term management science may also be used

to refer to the separate fields of

organizational studies or corporate strategy.,
