Thibaud d'Étampes à Oxford., This article focuses on the field of applied linguistics as a twenty-first century discipline. A realistic history of the field of applied linguistics would place its origins at around the year 1948 with the publication of the first issue of the journal Language Learning: A Journal of Applied Linguistics. Although there are certainly other possible starting points, particularly from a British ...

A: Abstracts in New Technology and Engineering. Coverage: information technology and computing, electronics, biotechnology, engineering (including construction, electrical and chemical engineering) and allied subject areas., Box and Cox (1964) developed the transformation. Estimation of any Box-Cox parameters is by maximum likelihood. Box and Cox (1964) offered an example in which the data had the form of survival times but the underlying biological structure was of hazard rates, and the transformation identified this.
