As readers of Ethics Etc may

know, I had co-written a paper in 2012 called Human Engineering and Climate Change in which we suggested, among other things, that having smaller humans could be a way of combating the effects of climate change. The paper received a lot of attention in the media (see, e.g., here, here, and here) and I gave a talk at the Sydney Opera House and a TED talk on this topic.

EU Grants: Horizon 2020 Guidance " How to complete your ethics self-assessment: V6.0 " 20.07.2018
