This study guide is one of the few sources of comprehensive instruction about load and

resistance factor design, In the section Ship Design Analysis we will examine what spacecraft warships will need, what they won't need, and what sort of tasks they will likely be required to perform. In the section Ship Types we will examine the thorny issue of the terminology of the various types of spacecraft., The Type 26 frigate or City-class frigate is a class of frigate being built for the United Kingdom's Royal Navy. The ship design and manufacture program, known as the Global Combat Ship, was created by the UK Ministry of Defence to partially replace the navy's thirteen Type 23 frigates, and for export.
