STICK CONTROL FOR THE SNARE DRUMMER PDF - Search results, A side-stick or sidestick controller is an aircraft control column (or joystick) that is located on the side console of the pilot, usually on the righthand side, or outboard on a two-seat flightdeck. Typically this is found in aircraft that are equipped with fly-by-wire control systems.. The throttle controls are typically located to the left of the pilot (or centrally on a two-seat flightdeck)., A centre stick (or center stick in the United States), or simply control stick is an aircraft cockpit arrangement where the control column (or joystick) is located in the center of the cockpit between the pilot's legs. Since the throttle controls are typically located to the left of the pilot, the right hand is used for the stick, although left-hand or both-hands operation is possible if required., View and Download Roku Streaming Stick quick start manual online.
