The company was founded by engineer Eldridge R. Johnson, who had previously made gramophones to play Emile Berliner's disc records., In American English, "phonograph", properly specific to machines made by Edison, was sometimes used in a generic sense as early as the 1890s to include cylinder-playing machines made by others., More and more people are talking to machines - more specifically, virtual assistants or bots. It's easy to do because you can often find them on your smartphone, computer or even a speaker in your house.,
