Fundamentals and Foundations 1. An  
Overview of Cells and Cell Research,  
Throughout the text, parenthetical essays  
present topical information on “key  
experiments” and “molecular  
medicine.” As with the main body of the  
text, these essays are well done and convey  
the excitement and challenges of actual  
research in molecular cell biology, as well as  
a sense of the history of the field., The cell :
