hierarchy is a group of people who carry out

orders based on others authority within the

group. [citation needed] It can be viewed as

part of a power structure, in which it is

usually seen as the most vulnerable and also

the most powerful part.[citation needed, The

Urban hierarchy ranks each city based on

the size of population residing within the

nationally defined statistical urban area.

Because urban population depends on how

governments define their metropolitan areas,

urban hierarchies are conventionally ranked

at the national level; however, the ranking

can be extended globally to include all cities.,
