YAMAHA XTZ 125 FOUR STROKE SERVICE MANUAL PDF - Search results, The Yamaha XTZ 750 SuperTÃ©rÃ© (Tenere) is a dual-sport motorcycle, produced by Yamaha. It was named after Yamaha's lighter, single-cylinder models which in turn were named after the notorious TÃ©rÃ© desert stage of the former Paris-Dakar Rally in northeastern Niger. Background. The XTZ 750 is a larger, twin-cylinder version of the single-cylinder Yamaha XTZ 660 TÃ©rÃ©., YA-1 built August 1954, produced January 1955. The first bike manufactured by Yamaha was actually a copy of the German DKW RT 125; it had an air-cooled, two-stroke, single cylinder 125 cc engine; YC-1 (1956) was the second bike manufactured by Yamaha; it was a 175 cc single cylinder two-stroke.; YD-1 (1957) Yamaha began production of its first 250 cc, two-stroke twin, the YD1., I thought it would be helpful for those with only a Haynes or Clymer manual to be able to find and download the Honda Shop Manuals and Parts Lists without having to search all over

the internet for them, so I've uploaded the CB Shop Manuals as well as some others onto a host site so you can download them to your hard drive and print them.
