Between Learning and Leadership Abstract

This paper investigates how two important

research streams, namely learning and

leadership,, Trait leadership is defined as

integrated patterns of personal

characteristics that reflect a range of

individual differences and foster consistent

leader effectiveness across a variety of

group and organizational situations (Zaccaro,

Kemp, & Bader, 2004). The theory of trait

leadership is developed from early

leadership research which focused primarily

on finding a group of heritable ..., The

Key Distinctionâ€”At Least in Theory Fred C.

Lunenburg, In response to the early

criticisms of the trait approach, theorists

began to research leadership as a set of

behaviors, evaluating the behavior of

successful leaders, determining a behavior

taxonomy, and identifying broad leadership

styles. David McClelland, for example,

posited that leadership takes a strong

personality with a well-developed positive

ego., Table 1. Dimensions of

Transformational Leadership. Nevertheless,

it is clear that general understandings of

transformational leadership are dominated by

acceptance of the four dimensions set out in

the left-hand column of Table 1 (see, for
